

NEWSPAPER RULES

BPA Worldwide – May 2010

MEMBERSHIP

N1.0 Obligations of Membership

N1.1

All members shall comply with the Bylaws and Rules of the Corporation.

N1.2

Should it be necessary for the Corporation to take any action, whether internal or by litigation, to enforce any Bylaw or Rule, or to collect any monies due it, the member or former member against whom such action is taken shall be responsible for and shall pay to the Corporation all costs and expenses incurred by the Corporation in connection with such action, including, by way of illustration and not limitation, the cost of auditor's and other staff time spent in connection with the enforcement procedure, postage, printing, supplies, reasonable attorney's fees, whether incurred in an internal enforcement procedure or in litigation in the courts or before an arbitration tribunal, and legal disbursements.

N1.3

Should it be necessary for the Corporation to participate in a legal proceeding as a witness, the member or former member for whom such action is taken shall be responsible for and shall pay to the Corporation all costs and expenses in connection with such action. This includes, by way of illustration and not limitation, the cost of auditor's and other staff time charged at a rate established by the Board of Directors, postage, reproduction, supplies, and reasonable attorney's fees. This is applicable whether incurred to respond to a subpoena, or appear for deposition, litigation in the courts, an arbitration tribunal, or any other legal proceeding.

N1.4 Employment of BPA Worldwide Personnel

Should any member, or vendor to a member providing information for the member's audit, employ BPA personnel within three months of having conducted that member's audit, or internal audit review, the Corporation shall conduct a review of the audit at the cost of the corporation. If such review presents issues requiring a re-audit, one shall be conducted. If the re-audit results in adjustments to the previously audited circulation, the member, or associate member, involved shall pay to the Corporation all costs and expenses (travel and otherwise) in connection with conducting such re-audit.

N2.0 Eligibility

N2.1

A newspaper applying for membership shall qualify as stated in Section 2.0 of the Bylaws, and shall conform to the following requirements:

N2.2

It may be a daily, community, or ethnic newspaper.

N2.3

The newspaper shall maintain continuity of style, format, subject or theme from issue to issue.

N2.4

It shall publish for a minimum period of three months before being eligible for an initial audit, subject to the approval of the President.

N2.5

It shall be a newspaper which includes advertising.

N2.6

When a newspaper has a supplement, the President shall determine whether the newspaper is a single qualified newspaper or is, in effect, two or more separate newspapers requiring separate memberships, Circulation Statements and Audit Reports for each newspaper. In order to qualify as a single newspaper, the host newspaper and the supplement shall meet all of the following conditions:

The supplement shall serve the same field as the host newspaper.

The qualified recipients on the lists shall be in the same market. The supplement's recipients may be a subset of the host newspaper's qualified recipients.

The supplement shall be identified separately on advertising rate source material and in circulation promotion. In advertising rate source material, separate reference to each supplement's frequency, issuance and closing dates is required.

If, after consideration of the above conditions, the President determines that the newspaper is, in effect, a single newspaper, the publisher will be given the option to report the circulation at the end of the host newspaper's Circulation Statement.

If the frequency of the supplement does not give cause to publish the supplement with the analyzed issue, and the publisher opts to report the supplement in the host newspaper's Circulation Statement, additional audit procedures may be required of the issue, which includes the supplement.

When the President determines that the newspaper is, in effect, a single newspaper, but the publisher wishes separate Circulation Statements and Audit Reports for each supplement, separate memberships will be required.

N2.7

When a newspaper has extra editions, the President shall determine whether the newspaper is a single newspaper or is, in effect, two or more separate newspapers requiring separate memberships and separate Circulation Statements and Audit Reports for each edition on the basis of the following conditions:

The extra edition is distributed to all or a specifically designated portion of the circulation list of the regular newspaper.

The extra edition is identified on its cover as a special issue of the primary newspaper.

N2.7 (continued)

If, after consideration of the above conditions, the President determines that the newspaper is, in effect, a single newspaper, the President shall require the newspaper to report the extra edition in paragraph 3 of the Circulation Statement and Audit Report, but not in paragraph 1 if the extra issue is distributed to less than the identical circulation list as that of the regular newspaper and a suitable explanation shall be made in paragraph 10 subject to audit.

N2.8

When a newspaper has separate editions such as Total Market Coverage (TMC), Extended Market Coverage (EMC), demographic or geographic, the President shall determine whether the newspaper is a single newspaper or is, in effect, two or more separate newspapers requiring separate memberships, Circulation Statements and Audit Reports for each edition. In order to qualify as a single newspaper, the separate editions shall meet all of the following conditions:

Shall have the same Statement of Publishing and Circulation Policy.

Shall have the same editorial scope with only such variations in editorial matter required by the different demographic or geographic audience served.

The editions shall be identified separately on advertising rate source material.

If, after consideration of the above conditions, the President determines that the newspaper is, in effect, a single newspaper, the publisher will be given the option to report the circulations for each edition separately. If the publisher opts to report each edition separately, the publisher shall report such editions separately in paragraphs 1, 3, 4 and 5 of the Circulation Statement and Audit Report.

When the President determines that the newspaper is, in effect, a single newspaper, but the publisher wishes separate Circulation Statements and Audit Reports for each edition, separate memberships will be required.

N3.0 Overseas or Out of Country Audits

N3.1

Overseas or Out of Country Audits shall mean any audit that shall be performed outside of the physical boundaries of the United States, Canada and United Kingdom (where BPA Worldwide has offices).

N3.2

Whenever it is necessary for an auditor to perform an Overseas or Out of Country Audit, the publisher member shall pay the following fees and charges of such an audit:

The normal auditing and additional hourly charges for the magazine in accordance with Section 3.1.3 of the Bylaws.

An additional charge of 50% of the regular auditing charge to provide for the travel time and lost time to the auditor.

For publishing companies with multiple audits being conducted at the same time, this 50% surcharge shall be levied against only the highest audit charge.

N3.2 (continued)

The “economy or coach” air travel costs of the auditor computed from the auditor’s departure point to the actual location where the audit is made.

N3.3

A member requesting an Overseas or Out of Country audit shall make an advance payment to BPA Worldwide of the estimated charge computed in accordance with the formula set forth in N3.2 of this Section.

N3.4

BPA Worldwide may also require a publisher member requesting an Overseas or Out of Country audit to sign a contract for such audit, the form of which may be fixed by the Board of Directors from time to time, but in any event shall include the substantive provisions of this Section.

N4.0 Procedure

N4.1

An applicant eligible for Newspaper Audit membership in BPA Worldwide shall, in addition to filing an application, proceed as follows:

Fill out and sign a three or six month Circulation Statement and file it with the Corporation. This statement shall be in conformance with Sections N8.0, N9.0 and N10.0 of these rules and shall be the basis for the initial Audit Report.

Provide, maintain and make available to the auditor, all requirements and records as stated in Section N10.0 of these Rules.

N4.2

On receipt of the applicant's first Circulation Statement, the corporation shall, as soon as possible, make an examination of the newspaper's records and complete an initial audit.

N4.3

For auditing single copy sales, final settlement figures shall be available for at least half the issues in the period. The balance of the issues may be projected based on historical average of the settled issues.

N4.4

Upon acceptance and release of this report by a majority of the Board of Directors, the publisher shall be notified that they have been elected to membership.

N4.5

If it is found that the publisher's records are incomplete and the initial audit cannot be made, the publisher shall be required to install and maintain such auditable records as recommended by the Corporation. A newspaper shall not become a member until an auditable statement is submitted and the records are audited in accordance with the instructions from the Corporation. (See Bylaws, Section 2.9.2.)

N4.6

If the President finds, after a sufficient time has elapsed, that the publisher applicant's records are incomplete and an acceptable initial audit cannot be made, BPA Worldwide may release a notice to its members officially notifying them that the application has been rejected. This notice may take the form of a posting on BPA's web site and/or a mailing to the membership and BPA's press list.

N5.0 - PUBLICITY

N5.1

The Corporation has rights in the Corporation's name, trademarks and figures appearing in the Corporation's released statements and reports (hereinafter referred to as "The Corporation's rights").

The Corporation owns the copyright in all statements and reports either filed with or published by the Corporation including, without restricting the generality of the foregoing, all Circulation Statements, Corrected Circulation Statements, Audit Reports and Bulletins. By executing the Application for Membership, each member thereby assigns and transfers to the Corporation any right, title or interest, whether in copyright or otherwise, that such member may have now or in the future in any data or information provided to the Corporation.

The proper and widest possible use of the Corporation's rights is highly desirable. The use by a member of the Corporation's rights implies that the Corporation has approved or authorized their use in the form as used. Members should, therefore, contact the Corporation if they wish to use the Corporation's rights in a manner other than as set out in these Rules and Regulations.

As every member has an interest in protecting the Corporation's rights, the Corporation has set out the following guidelines relating to the use of the Corporation's rights. Although they are not designed or intended to restrict legitimate and proper use, they are set down to protect the integrity and reliability of the Corporation, the Corporation's rights and the audited circulation figures published by it.

N5.2

The provision of the Bylaws and Rules relating to publicity shall apply equally to applicants for membership.

N5.3

Any printed or electronic document, advertisement, promotion material, or communication (including communications and documents designed for intra- or interoffice use) which is published or distributed in any manner outside of a publisher's own staff (including information disseminated via e-mail or the Internet/World Wide Web) is subject to the provisions of the Bylaws and Rules regarding publicity as of the time of its printing or electronic distribution.

N5.4

Any document, advertisement, promotional material or written/electronic communications that is accurate at the time of printing or electronic distribution shall not be considered in violation retroactively due to release of subsequent changes in circulation.

N5.4 (continued)

However, if such changes take place due to the filing of a subsequent Circulation Statement, it is the responsibility of a publisher to ensure that all new materials take into account such changes. The means by which these changes are noted are the option of the publisher.

If such changes take place due to audit, it is the responsibility of the publisher to note such changes in all material still in inventory or displayed as online promotion, within one week of receipt of the printed Audit Report from BPA Worldwide.

N5.5

For standard circulation data, absent changes in circulation due to audit, the maximum time any printed document, advertisement, promotional material or written communication shall be considered in compliance is 15 months from the time of printing. The maximum time an electronic communication shall be considered in compliance is 6 months. When changes occur subsequent to issuance of a new Circulation Statement, an electronic promotion shall be updated immediately, but within no more than 30 days.

N5.6

A member shall not make any false, fraudulent or misleading statements as to any aspect of circulation, distribution or coverage. If questions arise concerning whether a document, advertisement, promotional material or written/electronic communication is misleading, a determination shall be made by the BPA Worldwide President or designated agent, based on all available information (see Section N5.45 regarding formal complaints and appeals).

A member shall not attribute BPA Worldwide authority, stated or implied, to ancillary products, unless such products are traceable to a BPA Worldwide Circulation Statement or Audit Report.

N5.7

Rights in the logos or trademarks are owned only by the Corporation and the right to use the logos or trademarks is a privilege of membership. The use by a member of a logo or trademark carries the implication that the Corporation has approved the advertising or document in which the trademark appears. Unauthorized or improper use of the logos or trademarks may be harmful to the Corporation, the Corporation's rights and its members, and may result in the loss of the right of the Corporation to the use of the logos or trademarks.

A member shall make clear that the use of the logos or trademarks by the member is only as a member of the Corporation and there shall be no suggestion or implication that the member owns any rights in the logos or trademark. As it is not possible to set out the many different uses of logos or trademarks that could be proper or improper, a member who wishes to use the Corporation's logos or trademarks in a manner other than as set out in these Rules and Regulations or is in doubt as to proper use should contact the Corporation for advice.

N5.8

Nothing contained in these rules shall relieve a member from responsibility for the accuracy of material published or electronically disseminated, and its compliance with the rules.

N5.9

A Circulation Statement shall not be released until the Audit Report for the previous audit year has been completed and released by BPA Worldwide. A newspaper may promote or publicize circulation data from an unreleased Circulation Statement provided such data is not being withheld subject to completion of the previous audit. Such circulation claims shall be clearly noted as "Publisher's Data, Subject to Audit, [month/ year]."

N5.10

A publisher may promote projected circulation for a future issue or issues, provided such claim is clearly noted as "Publisher's Projection for [month/year] as of [month/ year]." Such projections shall also reference the appropriate figure from the most recent Circulation Statement or Audit Report. Projections may not be used as a basis for comparison with one or more audited newspapers, unless the other newspaper(s) has (have) released for the public record projections for the same time period.

N5.11

A publisher may issue an interim "Publisher's Sworn Statement" as a promotion between Circulation Statements. Such statements shall be clearly and visibly identified as "Publisher's Sworn Statement [month/ year]" at the beginning and conclusion, and on all intervening pages. A newspaper may not use the BPA Worldwide logo to denote its status as a member, nor may a "Publisher's Sworn Statement" make any other reference to membership in BPA Worldwide. A "Publisher's Sworn Statement" may not be printed on a paper stock resembling a BPA Worldwide report and should not use the typeface used by BPA Worldwide (Franklin Gothic).

A Publisher's Sworn Statement may use terminology and classifications as used in Circulation Statements and Audit Reports, but only for those terms and classifications as appear in the most recent Circulation Statement. A Publisher's Sworn Statement may not use the term "qualified" to refer to any group of subscribers that has not been audited.

N5.12

Any member of the Corporation in good standing may publicize the fact that it is a member. It may use the BPA Worldwide logo on member specific letterheads, advertising material, mastheads, or in any other place where:

The phrase "member of BPA Worldwide" might also be used.

The member would be entitled to use the BPA Worldwide logo.

The use of the BPA Worldwide logo is not detrimental to the Corporation.

N5.13

Publisher members under suspension of service may publish claims of membership only if, in connection with each such claim, the words "under suspension of service" are added. Also, any circulation data reported in the Circulation Statement or Audit Report may not be included in any promotional material while the newspaper is under suspension of service.

N5.14

A publisher applicant may publicize the fact that they have applied for membership, provided that the type proof of such announcement has first been submitted to and approved by the President. Such promotion is at the publisher's option. If a newspaper chooses to publicize its applicant status, the only language permitted is as follows:

"BPA Worldwide Newspaper Audit Membership Applied For (insert month and year BPA Worldwide accepted application)"

N5.15

If a newspaper chooses to promote its applicant status, all circulation claims shall be clearly identified as "Publisher's Own Data." No reference may be made to the pending initial audit, even if it has been scheduled or is underway at the time the promotion is released.

N5.16

An applicant may compare its unaudited total circulation figures with competitors' audited data on the basis of an applicant's equivalent issue or average, versus a competitor's previous analyzed or audited issue or average. The comparison shall clearly note the difference between the two newspapers' data, e.g., "publisher's own data" versus "audited" or "subject to audit". In such a comparison an applicant shall clearly note the month/year of application to BPA Worldwide.

N5.17

An applicant may also compare the unaudited future circulation of a "launch" issue with the most recent analyzed issue or average of a competitor. The circulation of the launch issue shall be clearly noted as a projection.

N5.18

Applicants may not use the BPA Worldwide Newspaper Audit logo until they have successfully completed their initial audit and have been voted into membership by the Board of Directors. (See Sections 2.8.3 of the Bylaws and N5.7 of these Rules).

N5.19

A publisher whose membership in BPA Worldwide has been terminated for violation of Section 10.0 of the Bylaws and who reapplies for membership may not publicize the fact that they have reapplied for membership, and shall complete their initial audit within six months of the reapplication date.

N5.20

A publisher applicant whose application for membership has been rejected by the Corporation in accordance with Section 2.8 of the Bylaws and who reapplies for membership within one year of date of rejection, may not publicize the fact that they have reapplied for membership and shall complete their initial audit within six months of the reapplication date. If a publisher reapplies for membership after the one-year anniversary of the rejected application, the publisher shall use the term "re-applied for membership mm/yy," and will have the full twelve-month term to complete their initial audit. If a publisher applicant reapplies for membership three years after the application rejection date, no reference to reapplication is required

N5.21

Any member may reprint, fax and/or publish (See Section N5.40 of these Rules) verbatim any paragraph, in whole or in part, from any newspaper's latest Circulation Statement or Audit Report released by the Corporation except paragraph 10, Additional Data.

N5.22

If portions of a paragraph are quoted, it shall be clearly stated that only portions are being used. If a single month's circulation is quoted and that month exceeds 10% variance from the average qualified circulation, then the average circulation for the period shall be footnoted.

N5.23

The period covered by the statement or Audit Report from which the paragraph is quoted shall be stated.

N5.24

Portions of Paragraph 10, Additional Data, may be quoted subject to prior written approval of the President.

N5.25

A newspaper member may not "overprint" promotional material on any Circulation Statements or Audit Reports.

N5.26

A newspaper member may not use the terms "reader" or "readership" in any promotion or other material in a manner that claims or implies BPA Worldwide authority in reference to any aspect of circulation, distribution or coverage. e.g., interchangeably with "subscriber," "recipient," or "circulation." However, a newspaper may make general references to its readership, e.g., the way editorial content responds to readers' interests. If a publisher wishes to promote readership data, such information shall be clearly noted as to its source, e.g., "Publisher's Own Data" or "Readership Survey," with the appropriate month and year, so as to distinguish it from audited circulation or circulation subject to audit.

N5.27

When comparisons between two or among more BPA Worldwide Circulation Statements or Audit Reports are made, only the most recently released statements or Audit Reports for the same time period and as of the same date may serve as the basis for comparison. A publisher may extend the comparison back in time, if comparable figures exist for all newspapers.

If statements from the current and same time period are not available for all newspapers in the comparison, the basis should be the preceding six-month circulation cycle. The comparison shall include the current time period for those newspapers whose Circulation Statements are available, with the notation "not available as of [month/year]" for appropriate newspapers.

N5.28

A comparison shall be construed to include a comparative or absolute claim against unnamed competitors, e.g., "more circulation than any other newspaper," or "most circulation of any newspaper serving the market."

N5.29

Circulation data from an initial audit should be compared with audited circulation or circulation subject to audit from the same time period. The average circulation reported in a three-month mid-cycle initial audit may be compared with average circulation from a competitor's existing six-month Circulation Statement or audited data. All other comparisons shall be based on the next and same six-month Circulation Statements for both/all newspapers.

N5.30

A member newspaper may compare unaudited "Publisher's Own Data" with audited circulation or data reported in a Circulation Statement and subject to audit for another newspaper, provided such "Publisher's Own Data" neither negates nor supersedes the most recent Circulation Statement. This includes comparisons incorporating "Publisher's Sworn Statements." Any comparisons including "Publisher's Own Data" and audited data subject to audit shall clearly distinguish between the two.

N5.31

A member may claim or imply BPA Worldwide Newspaper Audit authority only for the actual figures, classifications, breakouts, or statements as they appear in BPA Worldwide statements and Audit Reports. A publisher may, for the purpose of editorial brevity or clarity, use language similar but not identical to that in a newspaper's Circulation Statement or Audit Report, provided such editorial changes do not affect the type of circulation reported. Should questions arise as to whether such changes are permissible, a determination will be made by the BPA Worldwide President.

N5.32

A member may regroup BPA Worldwide figures, classifications, breakouts or statements without the literal reproduction of relevant Circulation Statement(s), provided the methodology is clearly noted.

N5.33

In any promotional piece, even when not using the BPA Worldwide logo, but reporting recognizable language and/or data traceable to a BPA Worldwide Circulation Statement or Audit Report it can be implied or inferred that such language or data is BPA Worldwide audited.

N5.34

A newspaper may use and promote unaudited circulation figures if clearly noted as "Publisher's Own Data". This includes proprietary but independent market research regarding readership and circulation information gathered by a publisher but not audited by BPA Worldwide. Such data shall have a factual basis and shall be available to BPA Worldwide on request. Such data may augment, but shall not supersede or negate audited circulation data or that subject to audit. If such data is used in the same promotion and intermingled with audited data, such differences shall be clearly distinguished and discernible.

N5.35

A newspaper may use its own "Publisher's Own Data" as the basis of comparison with another newspaper's audited data or data subject to audit. (See N5.30).

N5.36

Unless otherwise noted as “Publisher’s Own Data” or the equivalent thereof, all circulation data and information is presumed to be traceable to and supported by a newspaper’s most recent Circulation Statement or Audit Report, irrespective of whether BPA Worldwide is mentioned by name as the source, or whether the BPA Worldwide logo is displayed.

N5.37

Absent any indication as to “Publisher’s Own Data,” or any source other than BPA Worldwide, any circulation claim that is not supported by a Circulation Statement or Audit Report shall be considered in violation of these rules.

N5.38

At all times, BPA Worldwide authority shall neither be claimed nor implied for any unaudited figures, data or statements.

N5.39

A newspaper may not refer to non-qualified distribution or circulation as qualified circulation, nor may it imply so. If a newspaper wishes to promote the sum of its non-qualified distribution and qualified circulation, such a figure shall be noted as comprising the two, with individual breakouts for the two components. A newspaper may not imply or impute to non-qualified distribution or circulation the same demographic and geographic breakouts as exist in its qualified circulation, unless clearly noted as “Publisher’s Own Data.” Such a claim shall have a factual basis.

N5.40

A member shall not reproduce entire BPA Worldwide Newspaper Audit statements or Audit Reports, or simulate the format and/or typeface used in BPA Worldwide Newspaper Audit statements or Audit Reports, without permission of the BPA Worldwide President. Electronic distribution, (including faxing, and email, posting to the Web,) of entire BPA Worldwide Circulation Statements or Audit Reports is permissible. Print-on-demand media kits incorporating an entire Circulation Statement or Audit Report are also permissible.

For all Printing-on-demand where the stock of paper used is not the designated color of the BPA report, the following comment must be included in the print-on-demand copy: “AN ORIGINAL OF THIS [TYPE OF STATEMENT] IS PRINTED ON [COLOR] STOCK. FOR AN ORIGINAL GO TO www.bpaww.com.”

N5.41

A member shall not reproduce correspondence with or literature of the Corporation, or excerpts therefrom, unless specific written permission to do so is obtained from the President. This includes correspondence between BPA Worldwide and the parties to a formal complaint.

N5.42

All formal publicity complaints are considered confidential between the parties involved and BPA Worldwide, unless and until such complaints are resolved in a manner that calls for public notice either by BPA Worldwide or the complainee. Members are enjoined not to reproduce any correspondence pertaining to a formal complaint without prior written permission of BPA Worldwide. It is the responsibility of a publisher to ensure that the publisher's staff does not publicize a complaint beyond the scope allowed by these rules

N5.43

To initiate a complaint, a complainant shall:

A complaint shall only be lodged concerning a promotion distributed within the 12 months preceding the date of the complaint.

Submit to the President a written statement of the facts upon which the complaint is based and the Section of the Bylaws and Rules claimed to have been violated.

This statement shall be limited to the actual facts and shall include copies of all documents upon which the complainant relies including copies of Circulation Statements or Audit Reports when pertinent.

The complaint shall be accompanied by a nonrefundable-filing fee of \$206.00 to help cover BPA Worldwide's processing costs. No complaint shall be considered or acted upon unless the fee is paid in advance.

An appeal from the President's decision provided for in Section 9.3 of the Bylaws shall be accompanied by a filing fee of \$750.00 to cover the additional costs of preparing the file for review by the Publicity Policies Subcommittee of the Board of Directors. No appeal shall be considered or acted upon unless the fee is paid in advance.

N5.44

Upon receipt of a complaint, the President shall deliver or send to the complainee a copy of the complaint and of all the documents upon which the complaint is based.

N5.45

To answer a complaint, the complainee shall submit to the President, within five business days of the receipt of the complaint, a statement of the facts upon which they rely to rebut or to mitigate the complaint. The answering statement shall be limited to the actual facts and shall include copies of all documents upon which the complainee relies, including copies of Circulation Statements or Audit Reports when pertinent.

N5.46

Upon receipt of the answering statement, the President shall deliver or send to the complainee a copy of the complaint and of all the documents upon which the complaint is based.

N5.47

Investigation and action on publicity violation complaints shall be accomplished expeditiously and in accordance with provisions of the Bylaws.

N5.48

Violation of any provision of the Bylaws, or of the Rules pertaining to publicity may be brought to the attention of the entire membership. To cover the cost to BPA Worldwide of processing and administering the complaint and of the printing and distribution of the correction bulletin, a newspaper member found to be in violation of the publicity rules shall reimburse BPA Worldwide for its expenses.

N5.49

In lieu of the correction bulletin, the President may authorize the issuance (at the publisher's expense) of a letter by the publisher containing the substantive comments which would be included in a correction bulletin issued by BPA Worldwide. The text of the letter shall be approved by the President and may not contain any statements deemed promotional. It shall be mailed by BPA Worldwide to the newspaper's entire promotion list, and/or to the recipients of the offending document, and/or to the entire BPA Worldwide membership.

N5.50

Complainants have the option of having BPA reprint a complainees letter of correction and distribute the letter to the complainant's advertiser/agency list. This shall be at the expense of the complainant. The reprint will carry an imprint informing recipients that the notice has been reprinted at the request of the complainant.

N5.51

When violations of a serious nature are found within promotional materials, wide distribution will be assumed unless the publisher can provide to BPA Worldwide, evidence to the contrary. When proper evidence cannot be provided, BPA Worldwide will require distribution of a letter of correction from the publisher to the publisher's entire advertiser and advertising agency sales and promotion list.

N5.52

If a publisher claims a promotion found to be in violation had limited distribution, but evidence later proves wider distribution in fact existed, a letter of correction shall be mailed by the publisher to the newspaper's entire advertiser/agency promotion list. BPA Worldwide may, if instructed by the President, distribute a notice of violation to the BPA Worldwide membership.

N5.53

If an advertisement on behalf of a newspaper is found to be in violation of these rules and warranting public correction, the appropriate remedy shall be a correction in the medium as the original ad, e.g., SRDS, BRAD, CARD, or the newspaper itself. Insertion orders of the corrected advertisement shall be placed within 30 days of the staff decision.

N5.54

If a circulation promotion by a newspaper on the Internet or a World Wide Web site is found to be in violation, the appropriate remedy shall be a correction on the Internet or same Web site for the greater of a period of thirty days or the same time period as the promotion was available.

N5.55

BPA Worldwide shall post all violations of Section N5.0 of these rules on its Web site, bpaww.com, for a period of one month following the deadline for appeal, or resolution by the Publicity Policies Subcommittee or Board of Directors. There shall be no further distribution of a downloaded and printed version of this notice without permission of BPA Worldwide. (See N5.49).

N5.56

Any bulletin regarding publicity violations released by the Corporation may be reprinted by the Corporation at the request of any member who shall be billed the charges incurred for the reprint. Reprints shall have a special imprint at the top of the notice to identify the member distributing it. The imprint shall read as follows:

"This exact copy of an original Notice to Correct the Record which has been sent to the entire BPA Worldwide membership is now being distributed by...."

N5.57

Any member may distribute the reprints described in Section N5.56 subject to the following conditions:

No covering letter or printed material may accompany the Notice to Correct the Record when distributed by a member of the Corporation.

No comment about the Notice shall be made by a member of the Corporation in any letter or literature that may be distributed separately from the Notice.

The reprint may not be distributed by any member after thirty days of the date of its issuance by BPA Worldwide.

N6.0 Appeals from Administrative Decisions

N6.1

All appeals from or requests for reconsideration of any decision by the Board of Directors, any committee, administrative officer or staff member shall be in writing. Such appeals shall be submitted to the President no later than fourteen days after such earlier decision was announced.

N6.2

Such appeals shall present new facts and include such information or circumstances which justify reconsideration by the Board of Directors.

N6.3

If the decision was the result of a complaint or request made by a member or members other than the member for or against whom the decision was made, a copy of the appeal or request for reconsideration shall be circulated to the member or members who initiated the complaint or request and to such other members as the President or the Board shall determine may be directly affected by any reversal or modification of the decision. Prior to the consideration and action by the Board of Directors, all such parties shall be given ten business days to respond.

N6.4

The Board of Directors may, on its own initiative or on request from a member, reconsider a decision made by it after giving all parties, referred to in Section N6.3, notice and an opportunity to respond, in writing and, if the Board in its discretion so chooses, in person at a meeting at which the appeal will be considered. Upon such reconsideration the Board may affirm, modify, or reverse its prior decision.

N6.5

Any member in good standing may request the further distribution of censure, probation or expulsion notices by the Corporation subject to the following conditions:

The release of the Notice shall be under the direct control of the Corporation.

Any member who requests further distribution of the Notice shall be billed the charges incurred for the reprinting and distribution of the Notice.

The reprint of the Notices of Censure, Probation, or Expulsion shall have a special imprint at the top of the notice to identify the member distributing it. The imprint shall read as follows:

"This exact copy of an original Notice of Censure, Probation or Expulsion which has been sent to the entire BPA Worldwide membership is now being distributed by...".

No covering letter or printed material may accompany the Notice of Censure, Probation or Expulsion when mailed by the Corporation at the request of a member.

No comment about the Notice shall be made by a member of the Corporation in any letter or literature that may be distributed separately from the Notice, nor shall any employee of such member distribute the Notice independently.

The member newspaper to which the Notice refers shall be notified in advance by BPA Worldwide of any additional distribution of the Notice.

The request of any member to distribute the reprint of the Notice shall be received in writing by the Corporation within thirty days from the date of its issuance by BPA Worldwide.

In the absence of individual item or newspaper price disclosures, the value of the subscription will be calculated as follows:

In order to determine the value of the subscription you shall first sum the recognized retail value (base value) of all the individual elements of the combination offer. The ratio of the bundled offer price to the sum of the individual elements determines the discount rate.

Example offer:

12 issue subscription to XYZ (base rate \$20.00)
1 widget (base value \$15.00)
3 Months Risk Free access to a Web site (base value \$25.00)
Combination Rate: \$25.00

Calculation: $\$20.00 + \$15.00 + \$25.00 = \60.00

Discounted Newspaper Price: $.416 \times \$20.00 = \8.33

If, over a period of three months, the average circulation of a daily newspaper is, on a certain day of the week, 15 percent above or below the average for the other days of the week, the circulation for such day on which the overage or deficiency occurs shall be shown separately and the average for the other five days shall be shown as the “daily average”.

If, over a period of three months, the average circulation of a daily newspaper is, on a certain day of the week, less than 15 percent but more than 5 percent in excess of or below the average for the other days of the week, the circulation for such day on which the excess or deficiency occurs may, at the option of the publisher, be shown separately and the average for the other five days shown as the “daily average”.

If the holiday occurs on a Monday the Friday or Saturday preceding the holiday may be omitted as the day before.

A publisher shall omit no more than 10 days during any 12-month audit period.

If the situation beyond the control of the publisher affecting circulation exists for only one day, the circulation may be eliminated from computation of the averages if the circulation for the day affected is 10 percent or more above or below the circulation for the nearest preceding corresponding day that had a normal or average circulation.

Publisher electing to eliminate such days shall notify the president within 30 days following each day or days and the president shall notify the publisher members in the same city of such election.
